

Frost Free?

You decide...

Use this helpful guide to plan your schedule for the garden this spring. You will need to take appropriate measures to protect any cold sensitive annuals, warm season vegetables, and houseplants taken outside from the potentially damaging frost or freezes we might see in the coming weeks.

	90% chance	50% chance	10% chance
28°F <i>hard freeze</i>	March 10 th	March 27 th	April 12 th
32°F <i>freeze</i>	March 26 th	April 8 th	April 21 st
36°F <i>frost</i>	April 5 th	April 19 th	May 2 nd
